

MOBILE CHECK DEPOSIT

➔ Download the Texas National Bank Mobile App

First, download the Texas National Bank Mobile App (if you haven't already) from your device's app store.

➔ Log In

Log into the app using your Online Banking user ID. Not enrolled in Online Banking? Visit texasnational.bank to enroll today.

➔ Getting Started

To get started, choose "Menu", then tap "Deposit Checks."

➔ Take a Picture of the Front of the Check

Tap the check "FRONT" picture icon. Place the check on a flat surface with a contrasting background. Turn your mobile device sideways and center the check on the screen. The picture will automatically be taken when positioned properly.

➔ Review Your Check

If you need to retake the picture, tap the check "FRONT" picture icon and try again.

➔ Take a Picture of the Back of the Check

Before taking a picture of the back, be sure it is endorsed with your signature and write "For Mobile Deposit Only" underneath.

Then take a picture of the back of the check using the same steps you did for the front.

➔ Enter the Amount

Select "Amount" and enter the amount of the check, then select "Accept."

➔ Choose an Account

Select "Account" to choose which account you'd like to deposit the check into.

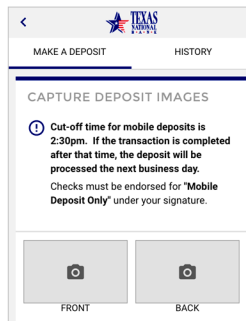

➔ Verify All Information

Select "Review" and verify all information. If necessary, make changes. If all is correct, select "Submit."

➔ Success

A pop up will appear at the bottom of the screen saying the transaction was successful. You will get an email confirmation when your deposit has been accepted. If the transaction is rejected, you'll receive an email notification.

After you deposit your check, keep the check for a week, and then destroy it.
